

# Poetic Me

An **acrostic** is a poem built on a special word. The word is written vertically. Then, each letter of a word serves as the first letter of a line of the poem. For example:

*Summer vacation is over.  
Children sit at desks,  
Hearing what the teacher says,  
Opening their books,  
Opening their minds,  
Learning new things.*

Print the letters of your name on the lines below (one letter per line). Then, use those letters to write a poem about yourself.
